1. Introduction

The European Commission is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to [Regulation \(EU\) 2018/1725](#) of the European Parliament and of the Council on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data.

This privacy statement explains the reason for the processing of your personal data in the context of the meetings and events organised by DG AGRI, unit D.1 Rural Areas and Networks in close cooperation with its contractor AEIDL, known as the Rural Pact Support Office (hereafter RPSO). It explains the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to the processing of personal data linked to the meetings and events organised by AGRI D.1, is presented below.

2. Why and how do we process your personal data?

Purpose of the processing operation: AGRI D.1 collects and further processes your personal data to provide you with information about the meetings and events organised under the activities of the long-term vision for rural areas (before, during and after) and to process your application for participation in that event.

Your personal data will not be used for any automated decision-making including profiling.

Audio-visual recording of the speakers, organisers and participants, as well as photographs of the speakers and panoramic photographs of participants and organisers will be taken and published in the context of the long-term vision for rural areas project at www.rural-vision.europa.eu.

The audience or non-speaker participants are not photographed individually or in groups. They may however appear on panoramic photographs of the whole event/audience.

Audience and non-speaker participants may also be photographed individually or in groups if they have provided their explicit consent to this.

Participants that do not wish to be part of the above recording/publishing activities have the possibility to withdraw their consent (photographs of audience and non-speaker participants) or object to processing (other types of participants to the meeting or event) by sending an e-mail to ec-vision-rural-areas@ec.europa.eu or by warning staff on the day of the event.

3. On what legal ground(s) do we process your personal data?

The processing operations on personal data, linked to the organisation, management, follow-up and promotion of the meeting or event (including web-streaming, photos, audio-visual recording) are necessary for the management and functioning of the Commission, as mandated by the Treaties. Those provisions are in particular, Article 11 of the Treaty on European Union and Article 15 of the Treaty on the Functioning of the European Union, and the objectives of the COM(2021)345 "A long-term Vision for the EU's Rural Areas.

Consequently, the processing of the data of **individuals essential to the good outcome of the event (such as organisers, authorities and speakers, once they have agreed to take on the role)**

are lawful under Article 5(1)(a) of Regulation (EU) 2018/1725 (processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Union institution or body).

We process panoramic photographs and audio-visual recordings of (large sections of) the event under the same basis, as they are necessary for communication and knowledge sharing concerning EU rural development policy and it is generally not possible to isolate the personal data of any one participant during the processing.

The processing operations on personal data of **any contracted participant or staff** are carried out in line with the contractual provisions. Consequently, that processing is necessary and lawful under Article 5(1)(c) of Regulation (EU) 2018/1725 (processing is necessary for the performance of a contract to which the data subject is party or in order to take steps at the request of the data subject prior to entering into a contract).

The processing of personal data of **all other individuals** is based on consent. Your consent is required for the following actions during the meetings and events:

- the general processing of your personal data needed to allow you to participate to the event (to allow you to access the event premises for example).
- the taking of photographs portraying you individually or in groups, and their publication;
- the sharing of the meeting or event participants list containing your name and affiliation with other participants for networking and collaboration purposes;
- the arrangement of your travels, if you are eligible;

The processing of your personal data relating to your dietary requirements and/or access requirements, if you have any, is always based on your consent, regardless of your status in the meeting or event.

If you opt-in, you are giving us your explicit consent under Article 5(1)(d) of Regulation (EU) 2018/1725 to process your personal data for those specific purposes. You can give your consent via a clear affirmative act by ticking the box(es) on the online registration form.

Your consent for these services can be withdrawn at any time by contacting the controller at ec-vision-rural-areas@ec.europa.eu.

4. Which personal data do we collect and further process?

The following personal data may be processed in the context of the meetings and events:

- contact details (function/title, first name, last name, name of organisation, city, country, e-mail address, telephone number);
- nationality, passport or identity card number and its date of issue and expiry date may be collected, so that the data subjects may obtain access to the premises where the meeting/event is held;
- first name, last name, e-mail address, date of birth, country & city of departure / preferred route, so that subjects may see their travel and accommodation arranged by the contractor AMEX reimbursed, if applicable;

- dietary requests or specific access requirements (if any);
- audio-visual recordings and pictures may be taken during the event. General participants will not be included in these if not as part of the crowd unless they give their specific consent on the inscription form.

5. How long do we keep your personal data?

The Data Controller only keeps your personal data for the time necessary to fulfil the purpose of collection or further processing.

For each of the categories of personal data that may be processed, please find below the retention details and the reference to the relevant record of processing:

Selected files may be retained for permanent preservation in the Commission archives. Selected files may also be published on social media. You can at any point revoke your consent or oppose the publication of files which include you by contacting the controller, AGRI D.1, at ec-vision-rural-areas@ec.europa.eu.

6. How do we protect and safeguard your personal data?

All personal data in electronic format (e-mails, documents, databases, uploaded batches of data, etc.) are stored on the servers of the European Commission or of its contractors. All processing operations are carried out pursuant to [Commission Decision \(EU, Euratom\) 2017/46](#) of 10 January 2017 on the security of communication and information systems in the European Commission.

In order to protect your personal data, the Commission has put in place a number of technical and organisational measures. Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

The Commission's processors (contractors) are bound by a specific contractual clause for any processing operations of your personal data on behalf of the Commission. The processors have to put in place appropriate technical and organisational measures to ensure the level of security, required by the Commission.

They are contractually bound to process personal data on behalf of and in line with the instructions of the data controller, keep confidential any data they process and protect it from unauthorised access, use and retention.

7. Who has access to your personal data and to whom is it disclosed?

Access to your personal data is provided to the Commission staff responsible for carrying out this processing operation and to other authorised Commission staff according to the "need to know" principle. Such staff abide by statutory, and when required, additional confidentiality agreements.

Where necessary, we may also share your information with service providers for the purposes of organising the meeting/event:

The publication of individual pictures will only take place on the bases of individual consent for the general participants. For more information on the legal basis of processing, please refer to section 3.
