Good Practice Webinar of the Rural Pact Support Office.

On 14 July 2021 the European Commission adopted the 'fit for 55' package, which adapts existing climate and energy legislation to meet the new EU objective of a minimum 55% reduction in greenhouse gas (GHG) emissions by 2030. The 'fit for 55' package is part of the European Green Deal, which aims to put the EU firmly on the path towards climate neutrality by 2050.
